

MacDonald's Winter Series – Trial Results
November 13th, 2016

We would like to thank Norm Close for coming again and putting on a great clinic and private lessons. It was amazing the change in so many dogs, for the better of course!! We would also like to thank Ron Fischer for judging our fun trial on Sunday. It was a long day with a little drizzle and some sun!! It was cool but not cold, ate almost everything I put out for them so George won't have to eat leftovers all week!! He is a happy man!

So the results for Sunday are as follows. The course for open was a little different, dogleg fetch, two drive gates to the left and a chute on the return drive that put the sheep into the shed rig once it was completed. Total points were 100, 21 teams to the post with 3 non competes added in.
